

PEERNET ArcPDF 2.0

Convert PDF documents back to Word or Rich Text Format.

OVERVIEW

Problem:

You need a fast, reliable way to convert PDF documents back to Microsoft Word or Rich Text Format. Never again be faced with the problem of having to re-type the entire document.

Problem Solved:

Designed to convert a single PDF or a batch of PDF files you are presented all your options on a single screen. Editing your document is a snap when you use the "**Free Flow Text**" option. Free flow text creates documents **without the text borders** that are often used by other products. Other options are available for preserving the document layout, extracting just the text or just the images.

FREE EVALUATION

The 30-day trial is **fully functional**, with the exception that only the first two (2) pages of a PDF document will be converted.

Product support is available for the duration of the evaluation. Contact our support team at support@peernet.com for any assistance.

SUPPORTED PLATFORMS

Both 32-bit and 64-bit operating systems are supported.

- ▶ Microsoft® Windows 7
- ▶ Microsoft® Windows Server 2008 R2
- ▶ Microsoft® Vista
- ▶ Microsoft® Windows 2008 Server
- ▶ Microsoft® Windows 2003 Server
- ▶ Microsoft® Windows XP
- ▶ Microsoft® Windows 2000
- ▶ Citrix® MetaFrame®
