

PEERNET Convert to PDF 1.0

Create PDF files from any Windows application.

OVERVIEW

Problem:

You need a fast, reliable way to create PDF documents from the programs you use everyday.

Problem Solved:

Designed to work with any Windows program that can print, Convert to PDF gives you complete control over the PDF documents you create. Customize as you create with easily-accessed options. Streamline the creation process using Convert to PDF's One-Click capabilities. You'll be creating PDF files in seconds.

FREE EVALUATION

Try it before you buy with our no-obligation 30-day trial. The trial is **fully functional**, but all pages are stamped with the phrase "Evaluation Copy".

TECHNICAL SUPPORT

Free unlimited support is provided for the full evaluation period and for the first 60 days from the date of purchase. For a minimal extra fee On-Going Support (OGS) can optionally be bought at the time of purchase. OGS provides unlimited telephone and email support as well as automatic access to all minor and major releases including upgrades for the term of the agreement. The terms of your OGS contract is found on your purchase confirmation.

SUPPORTED PLATFORMS

Both 32-bit and 64-bit operating systems are supported.

- Microsoft® Vista
- Microsoft® Windows 2003 Server/Terminal Server
- Microsoft® Windows XP Home Edition/Professional/Tablet PC/Media Center
- Microsoft® Windows 2000 Professional/Server/Advanced Server/Datacenter Server/Terminal Server
- Citrix® MetaFrame® 1.8 – 4 On Windows 2003/XP/2002/Access Suite

KEY PRODUCT FEATURES

Simple Interface	Quickly find the options you need to create the type of PDF you want. Change your PDF creation options on-the-fly, without having to print again.
One-Click Capable	For fast PDF creation, Convert to PDF can be set up in seconds to automatically create your PDF directly from the Print button of your application.
Works from any Windows Program	You only need one program to be able to convert from any Windows application. If you can print from your Windows program, then Convert to PDF can create a PDF.
PDF Security	Secure document contents by password protecting and restricting access to document contents.
Create Custom Printers	Routinely create PDF files with different security options and page sizes using custom printers.
Control PDF Size	Find the right balance between size and quality with complete access to image compression, downsampling and font embedding options.
